CULTIVATING RESILIENCE

*A TRANSFORMATIONAL RETREAT
TO STRENGTHEN MIND, BODY & SPIRIT*

With the world changing at a pace like never before, we're all susceptible to being swept away in the chaos, finding ourselves accepting a heavy load in both mind and body without even realising. At this time, it's more important than ever before to build our resilience, finding ways from within to maintain our mental, physical and spiritual wellbeing.

Eynsham Baths is delighted to be welcoming back the wellness experts and practitioners from Kamalaya, travelling all the way from Koh Samui to our Roman-inspired bathhouse, where they'll be leading an entirely bespoke programme of classes, treatments and rituals over four days.

EYNESHAM BATHS

To the west side of the 85-acre Estelle Manor estate in the heart of the Oxfordshire countryside, Eynsham Baths is a place of ritual and indulgence. The Roman-inspired bathhouse encompasses serenity, conceived as a labyrinth of intimate and social spaces including a vast bathing hall with carved marble details and The Shala; a 220 sq m holistic studio flooded with natural light. Ancient rituals, informed by the world’s oldest philosophies of health and longevity, take place behind the doors of the treatment rooms, offering bespoke healing for the skin, psyche, and soul. In this time that celebrates busyness above all else, Eynsham Baths is a subversion; a place where the gentle wisdom of water can wear away the tension of modern life.

KAMALAYA

Translating as ‘Lotus Realm’ in the ancient language of Sanskrit, Kamalaya is a multi-award-winning wellness sanctuary and holistic spa situated within the tropical landscape of Koh Samui. Symbolising the unfolding of the human spirit, Kamalaya is globally renowned for their holistic health solutions to anxiety, stress and the many challenges people are faced with in an ever-changing world. Their unique approach to wellness combines ancient Eastern healing rituals with modern Western research, to help people achieve truly life changing results in both their mind and body.

CURATED TREATMENTS

Included in the retreat are two 90 minute treatments, specially designed by the experts from Kamalaya and Eynsham Baths to support your journey in cultivating resilience.

KAMALAYA
SIGNATURE TREATMENT
THREE TREASURES

According to ancient Taoist theory, the body has three main energy centres; the ‘Three Dantian’, also known as ‘Three Treasures’, where our life force or vital energy ‘Qi’ is gathered, stored and distributed throughout the entire body. This treatment combines healing methods selected for their ability to activate, harmonise and balance the ‘Three Treasures’ in order to restore the flow of vital energy for healing and revitalisation. These include techniques from Tui Na massage, Reiki and crystal healing as well as aromatherapy using Kamalaya’s bespoke ‘Three Treasures’ oil blends created specifically for this treatment. As well as supporting the individual function of each energy centre, it promotes an enhanced balance and harmony of the mind, body, emotions and spirit and creates an overall feeling of peace and integral alignment.

EYNSHAM
BATHS TREATMENT
WARRIOR MASSAGE

When pain is felt, in place of ignoring tensions, we can learn to breathe into it. This treatment targets muscular holding patterns through a broad range of deep massage techniques, assisted stretching and joint mobilization. Expertly and intuitively tailored, this treatment is designed to dissolve stiffness, chronic discomfort, regenerate tissues and realign the central nervous system. Our signature liniment, a blend of cold-pressed potent raw extracts enriched with wintergreen is applied topically, offering added relief for targeted pain management.

Thai massage is based on the discovery of ten invisible energy lines called Sen, which run along the body.
